

Welcome to the EUREF Tutorial Height and Gravity 2015 Leipzig, June 2, 2015

Questionnaire 2013

Dear colleagues and friends of EUREF,

EUREF is considering holding a tutorial on EUREF activities, background, procedures, and tools. To cover best the expectations of potential participants we ask for your feedback. So please take some minutes to fill this questionnaire.

What are the most important EUREF-related topics which should be covered by such a tutorial (multiple answers allowed)?

Program - Tuesday, June 2, 2015

09:15 – 11:00	Session 1	
09:15 – 10:00	Jonas Ågren	On the geodetic infrastructure for height determination in Scandinavia with special emphasis on Sweden
10:00 – 10:30	Colin Fane	National height in Great Britain
10:30 – 11:00	Martina Sacher	The geodetic infrastructure for height determination in Germany
11:00 – 11:30	COFFEE BREAK	
11:30– 13:00	Session 2	
11:30 – 12:00	Franz Barthelmes	Global gravity field models and the IAG service ICGEM
12:00 – 12:30	Christoph Förste	About the generation of global gravity field models from satellite and surface data
12:30 – 13:00	Thomas Gruber	GOCE gravity field models – overview, performance and impact on height systems
13:00 – 14:30	LUNCH	

Program - Tuesday, June 2, 2015

14:30 – 15:30	Session 3	
14:30 – 15:00	Martina Sacher	The European height reference system and its realizations
15:00 – 15:30	Hartmut Wziontek	The absolute gravity reference system and its contribution to geoid determination
15:30 – 16:00	COFFEE BREAK	
16:00 – 17:30	Session 4	
16:00 – 16:30	Gunter Liebsch	Unification of height reference frames in Europe
16:30 – 17:00	Johannes Ihde	Towards a world height system, the proposal for an international height reference system and frame
17:00 – 17:30	Discussion
