

DGNSS via Internet and mobile networks: The EUREF Ntrip-Broadcaster

- the Ntrip-Broadcaster concept
- the data streams
- availability
- access to Ntrip data streams

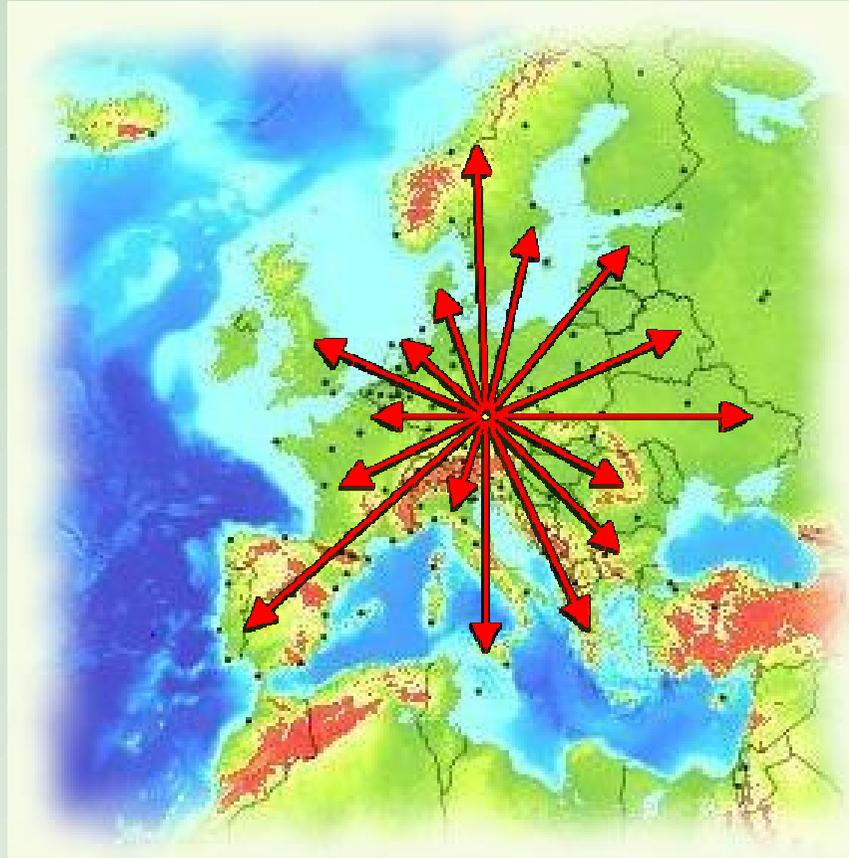

Georg Weber & Denise Dettmering (BKG)

EUREF TWG Meeting, 10./11.11.2003

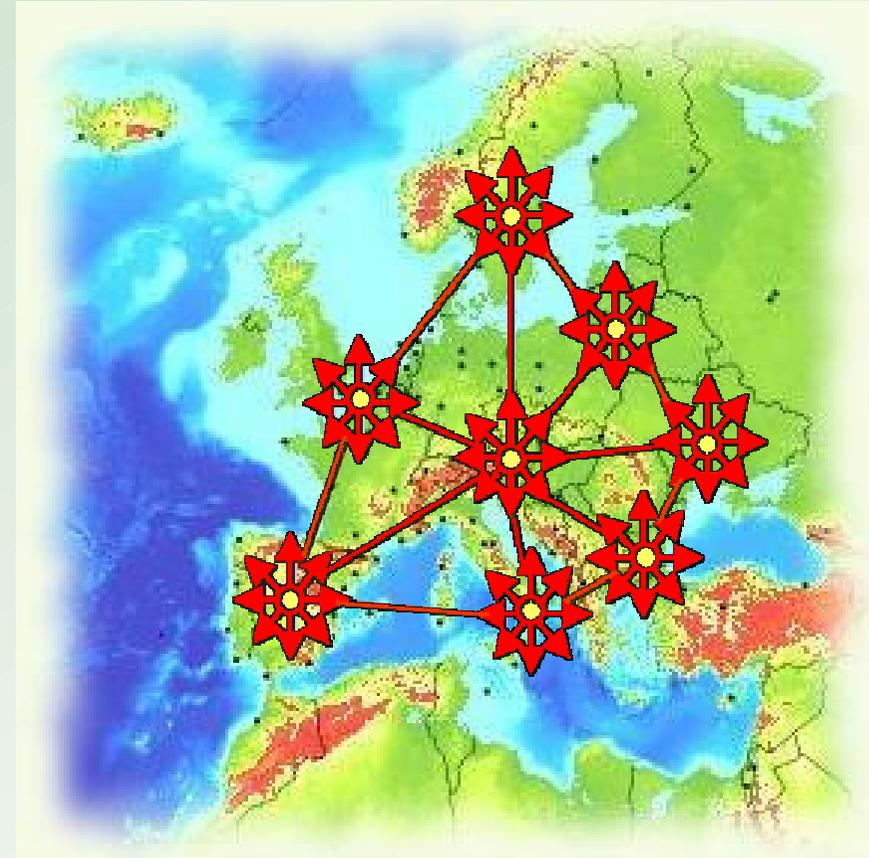

Ntrip Broadcaster concept

Broadcasting network

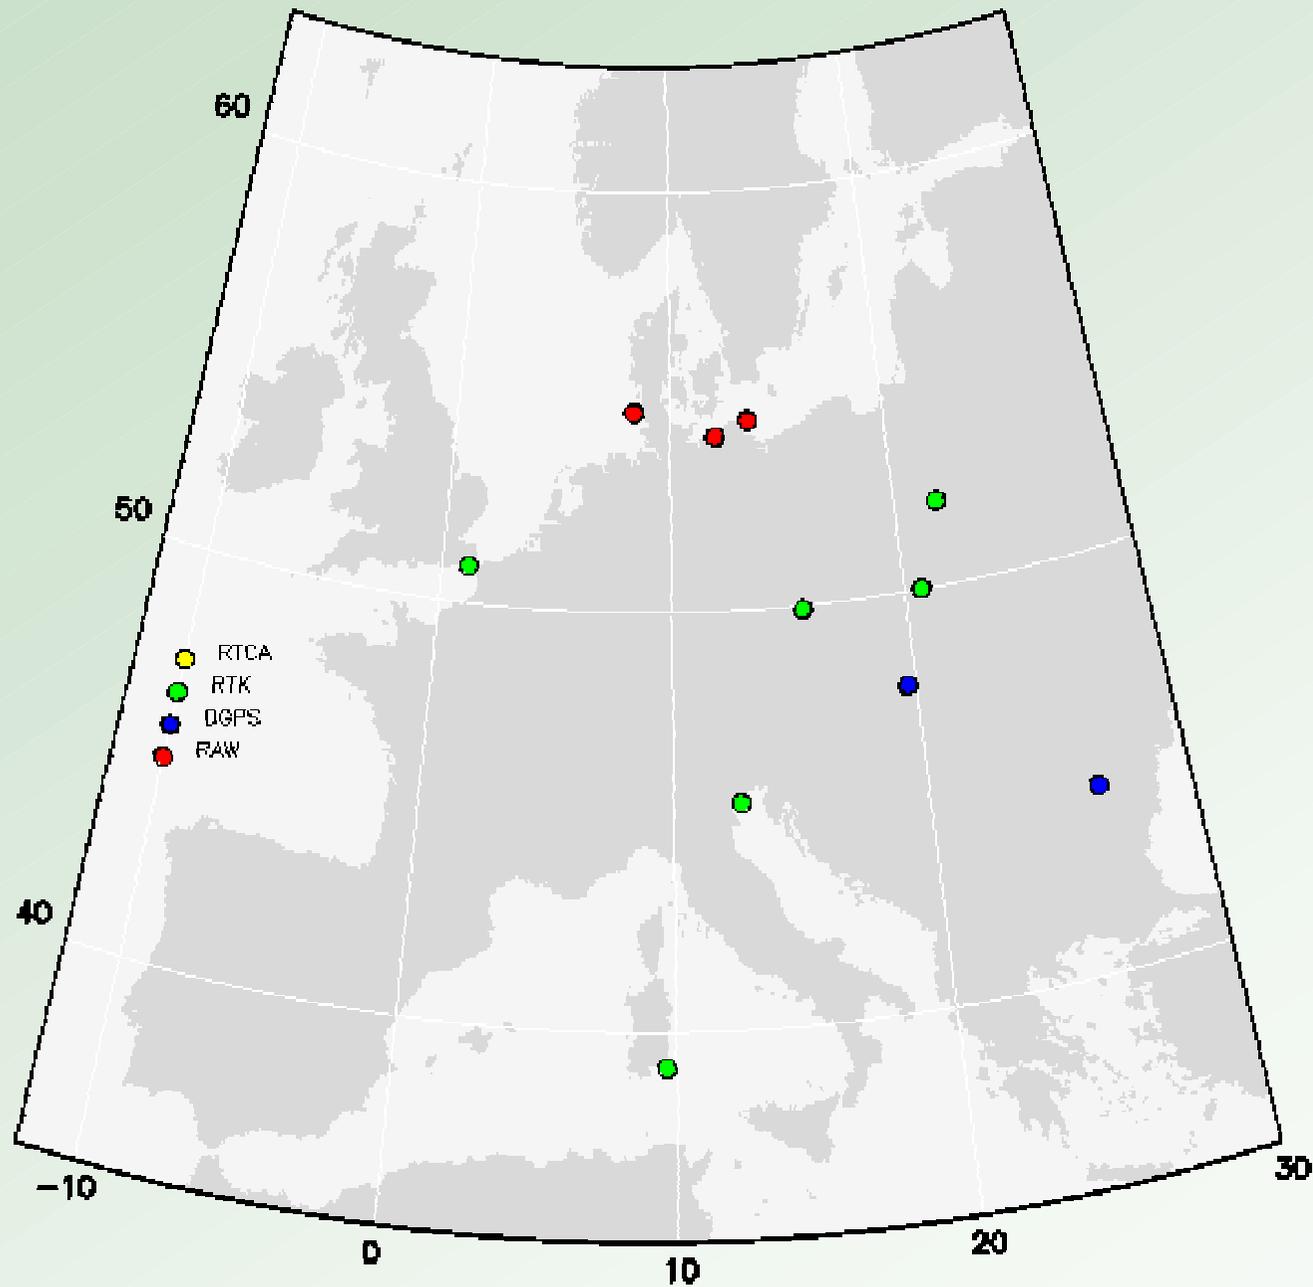

single Broadcaster
"EUREF"

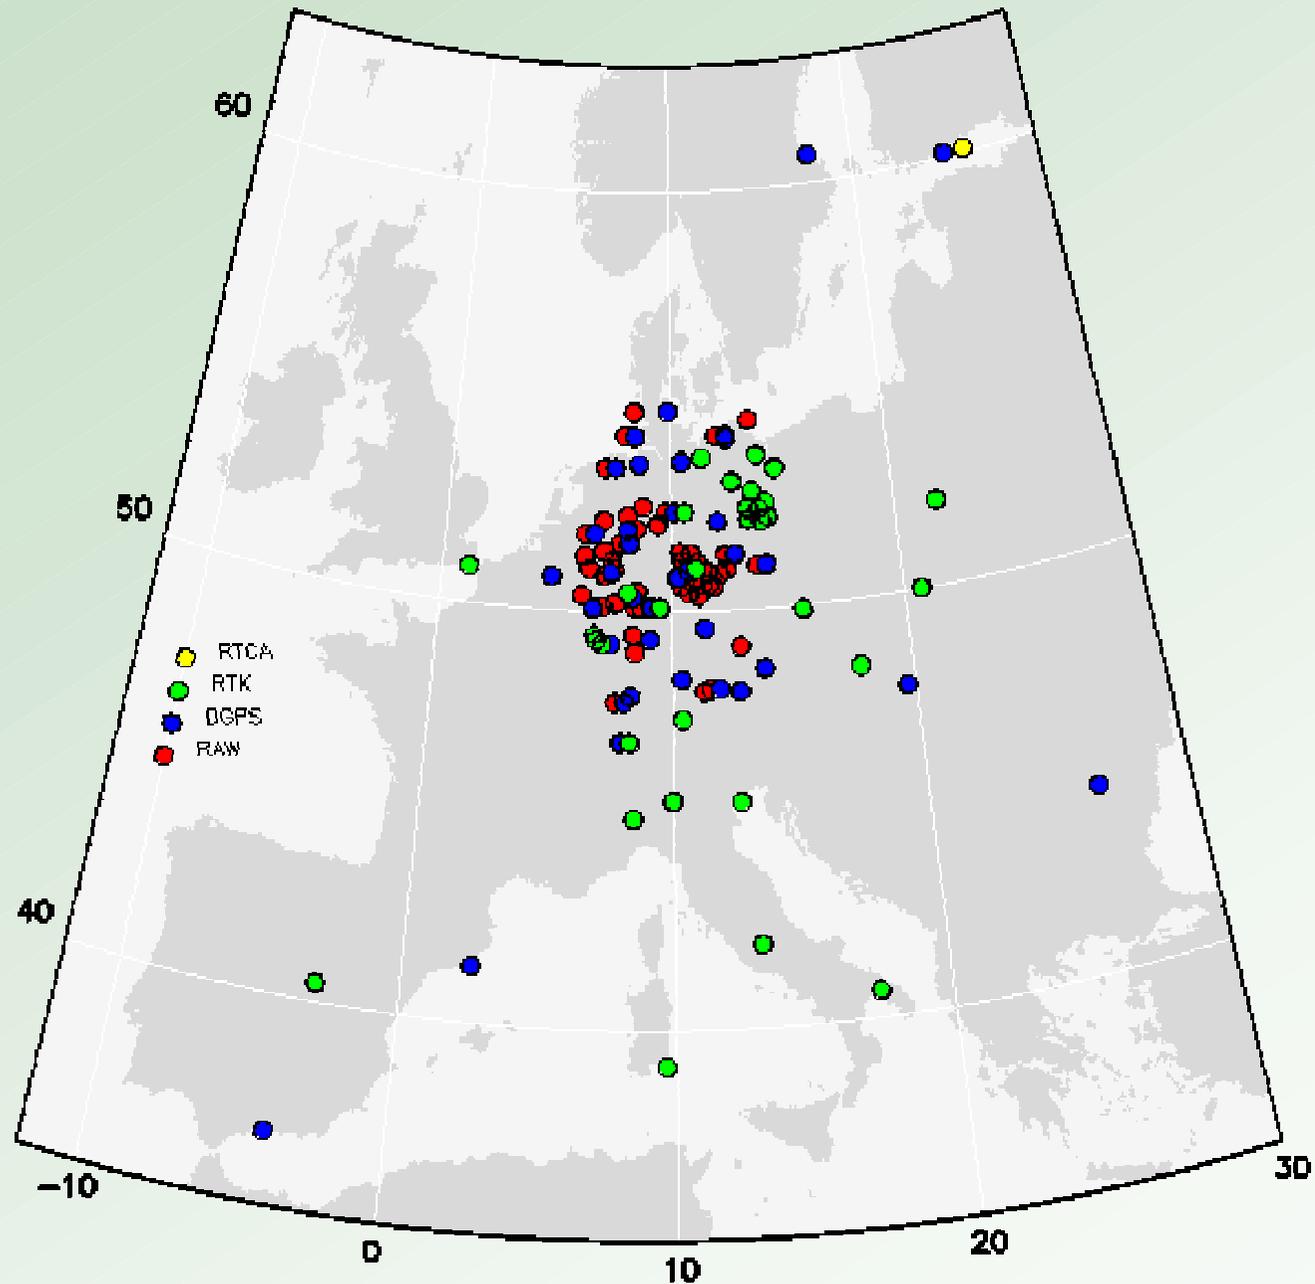

Broadcasting network
Distributing the workload

Available data streams – EUREF

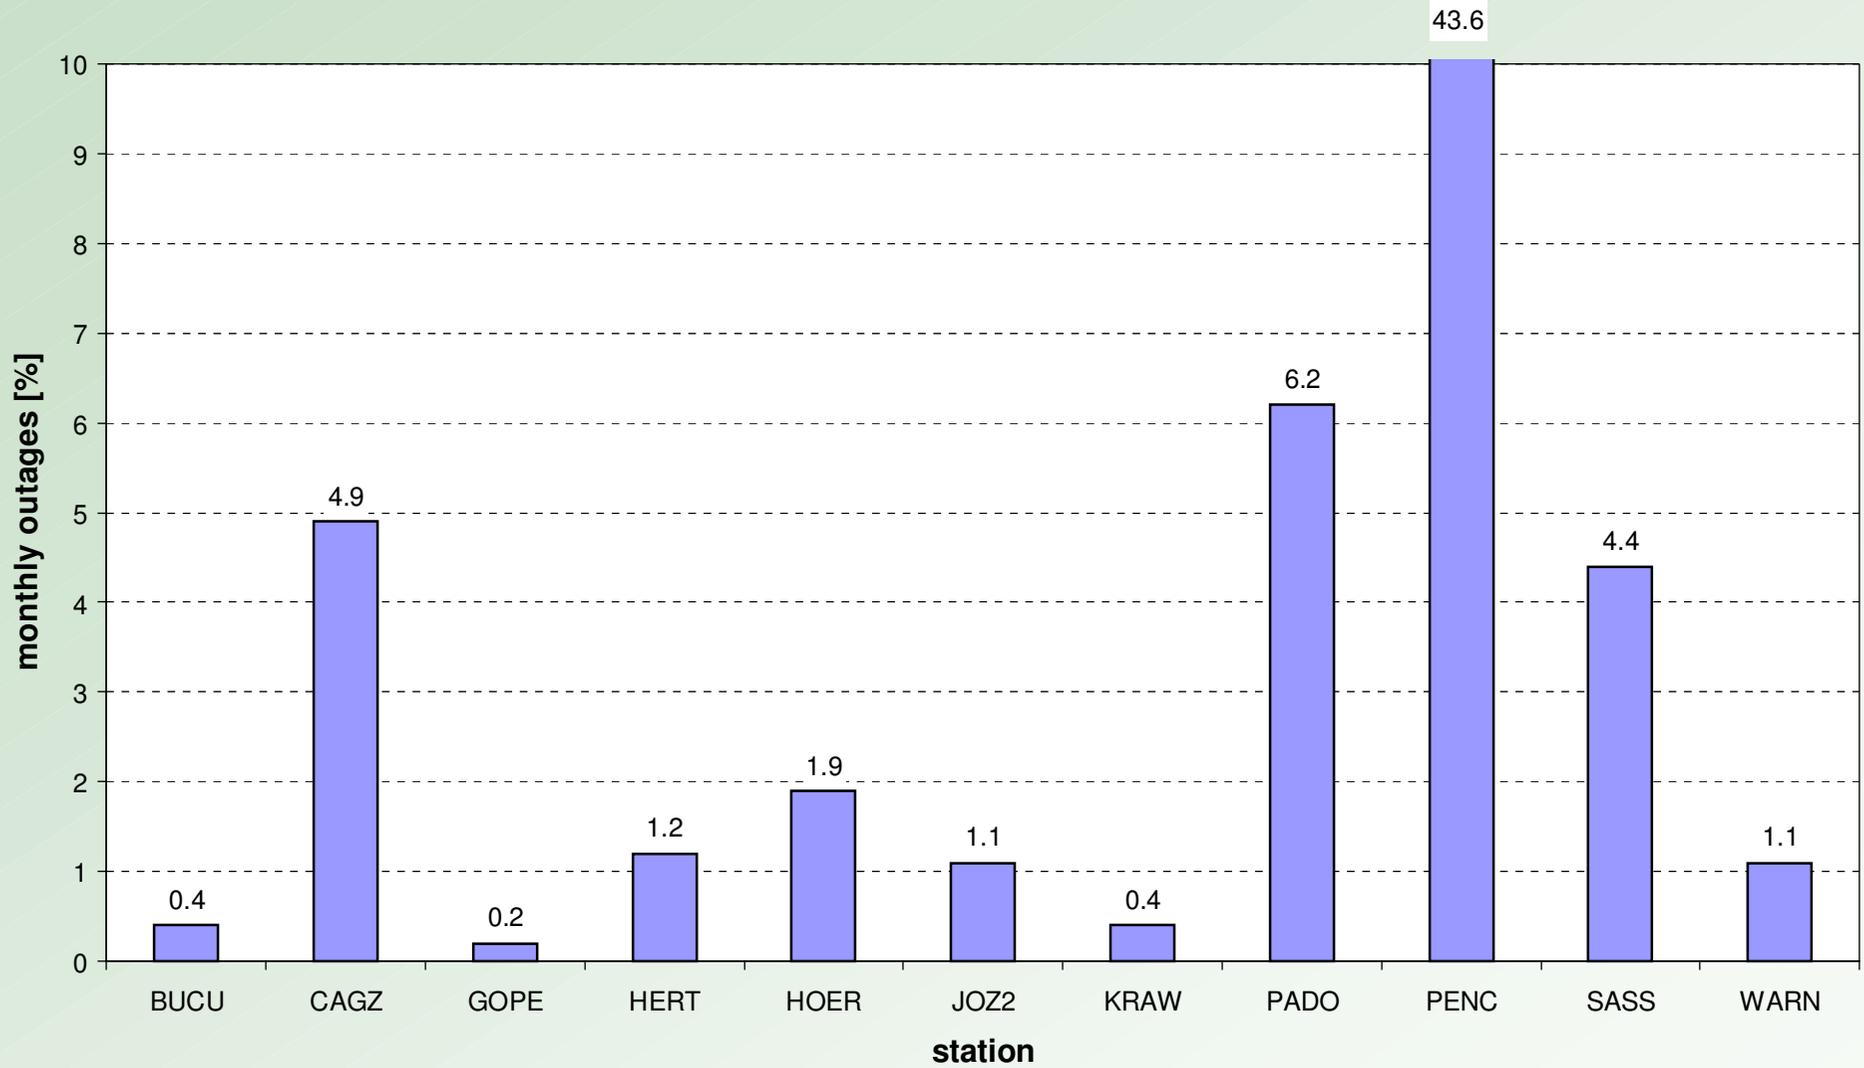

Available data streams – Europe

availability – statistics

monthly outages statistic 0310 of ntrip euref-ip broadcaster streams

Conclusions

- Streaming Differential GPS corrections over Internet and cellular phone networks is feasible
- No significant lack of performance compared to usage of other transportation media
- Lots of potential for mass-usage
- Trial Service within framework of EUREF-IP
