

# EUREF Contribution to INSPIRE

Heinz Habrich

Federal Agency for Cartography and  
Geodesy, Frankfurt, Germany

# Status Notes

---

- 5 – 6 March 2007:
  - Action Item TWG-43-06: Document defining EUREF-INSPIRE relationship to be compiled (?)
- 25 April 2007:
  - Publication of INSPIRE directive in Official Journal of EU
- 15 May 2007:
  - The INSPIRE directive entered into force
  - DT Data Specifications: Call for comments on the Definition of Annex Themes and Scope D2.3 (117 pages)
  - DT Data Specifications: Call for comments on the Generic Conceptual model D2.5 (93 pages)

# Status Notes

---

- 29 June 2007:
  - EUREF submitted comments on D2.3 (2 comments) and D2.5 (13 comments)
- 4 September 2007:
  - Call for Expression of Interest for development of data specifications:
    - ❖ To submit candidate specifications (scenario 1)
    - ❖ To participate in specification development (scenario 2)

# Status Notes

---

- 13 – 14 September 2007:
  - Comments resolution workshop in Ispra
- 27 September 2007:
  - EUREF nominated 3 experts for scenario 2 of CfEI from September 4
  - J. Torres, A. Caporali, H. Habrich
- 23 – 24 October 2007:
  - H. Habrich participated in DT DS meeting in Berlin
  - Comments resolutions could not be finalized in Ispra and discussion was continued in Berlin

# Implementing Rules Development

## Preferences: Scenario 1 → 2 → 3

### ■ Scenario 1:

- An SDIC/LMO submits a complete specification for one particular „Annex I - III“ theme
- *Status: „No or only few qualified proposals received“*

### ■ Scenario 2:

- An SDIC/LMO proposes experts for working in one or several Thematic Working Groups (TWGs)
- *Status: „Sufficient experts for all Annex Themes nominated“*

### ■ Scenario 3:

- External experts or projects, e.g., eContentPlus programs, are involved

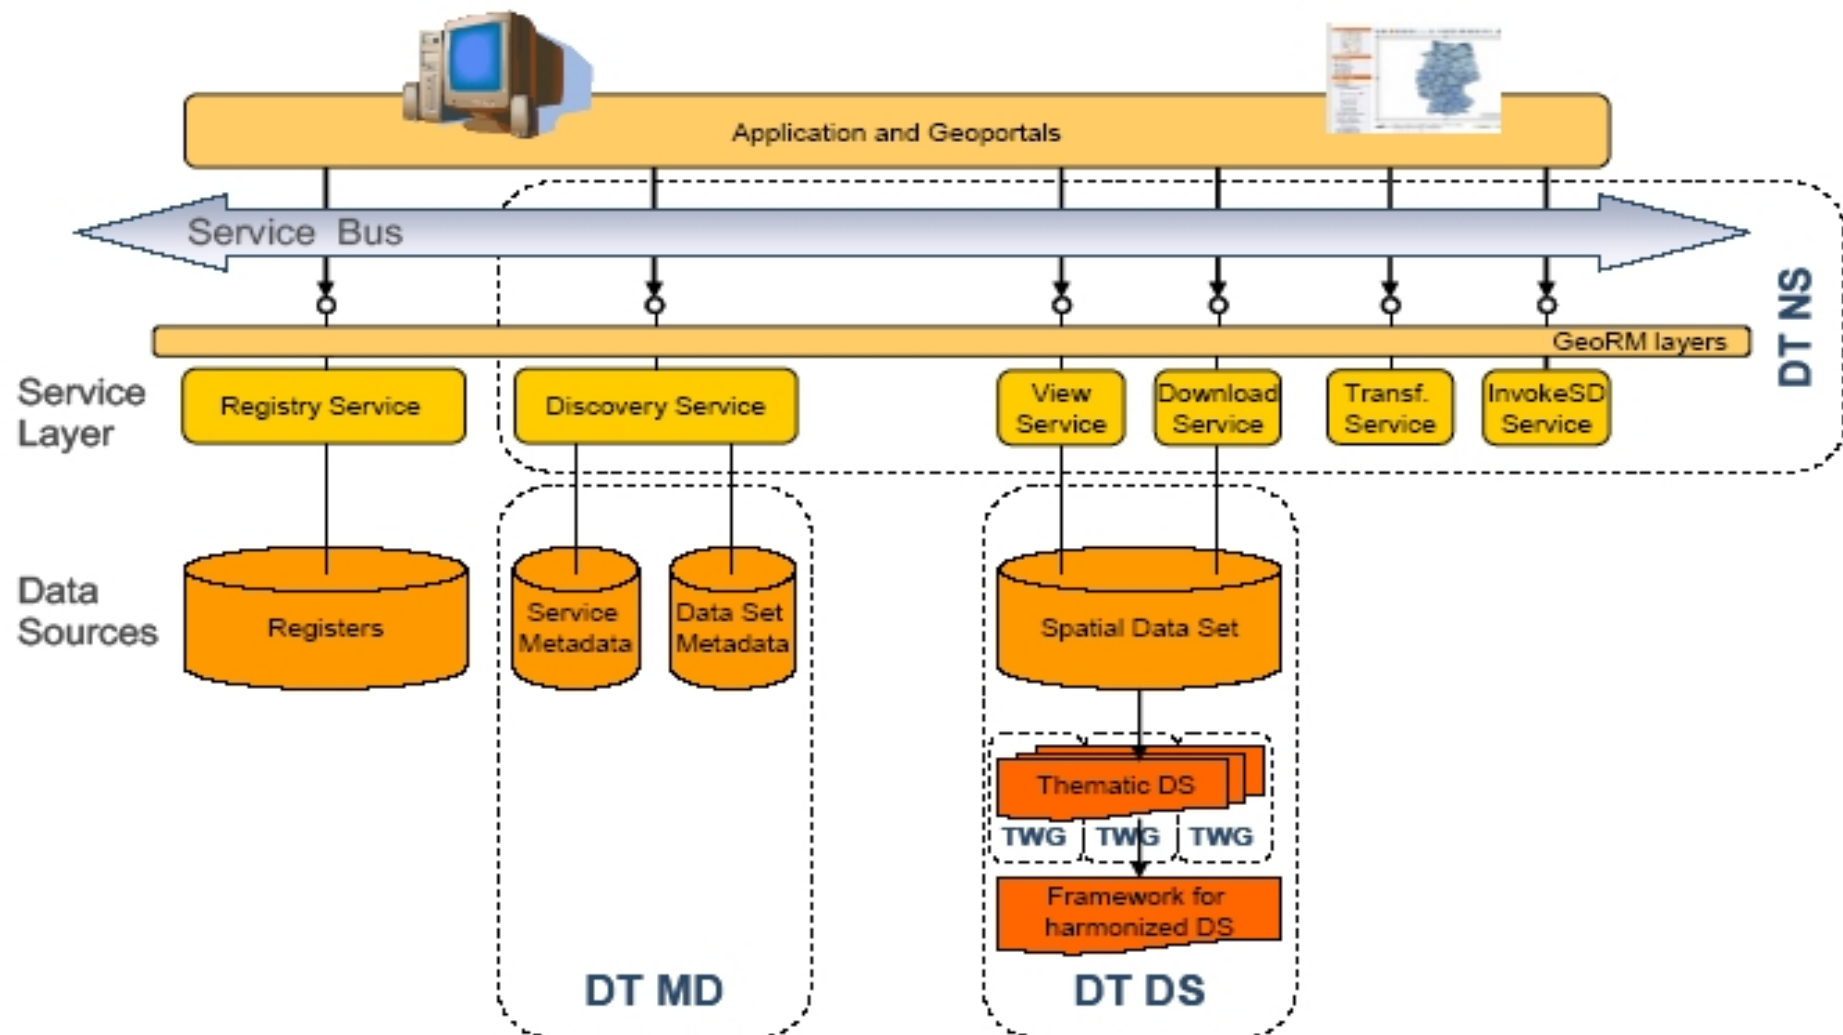

# Note

---

- Figure taken from „Terms of Reference for developing Implementing Rules...“, 11 July 2007
- Contribution of SDICs shown in yellow: SDICs provide input to the TWGs based on users' needs

# INSPIRE Technical Architecture Overview

# Note

---

- Taken from „INSPIRE Technical Architecture – Overview“, document compiled by drafting teams „Data Specifications“, „Network Services“, „Metadata“, 5 November 2007

# News (16 November 2007)

---

- E-Mail Katalin Toth, EC Joint Research Centre (JRC), Ispra
- „TWG“ kick-off meeting will be held in Ispra on 14 –15 February 2008
- Scenario 2 will apply for all Annex I themes except the Geographical Grids („TWG“ for CRS will be set up)
- An editor and a facilitator should be added to each TWG
- The role of editor will be solved using the in-house resources of JRC: Two colleagues with appropriate UML expertise will do this job.
- Concerning the facilitator JRC will launch a tender with a budget of 25K Euro for each theme
- Decision about TWG members pending
  - 26 November 2007: H. Habrich was asked to confirm availability for participation in TWG for CRS

# Thank you
