

- **XIII Assembly of Wegener – Nice – 4-7 September 2006**
 - <http://wegener.unice.fr/>
 - 20/40 minutes talks
 - 63 slots
- **XIV Assembly of Wegener – Darmstadt – Mon, 15-Thu, 18 September 2008**
 - One week later ILRS in Poland
 - <http://www.tu-darmstadt.de/wegener2008>
 - 60-120 participants expected
- **92 slots á 15 minutes for oral (90-120 min blocks)**
 - Invited talks 30 minutes

➤ Sessions 2006

1. **Current plate motions and inter- and intraplate deformations. Focusing on Europe, the Mediterranean and surrounding regions.**
2. **Contribution of new Earth observation systems and methodologies.**
3. **Reference Frame improvements and its impacts. Special session „Permanent GPS networks in Europe and Mediterranean: development, analysis and implementation“**

➤ **Planned Sessions 2008**

1. **Current plate motions and inter- and intraplate deformations. Focusing on Europe, the Mediterranean and surrounding regions.**
2. **Contribution of new Earth observation systems and methodologies.**
3. **The Global Geodetic Observing System and its regional implementations.**
4. **Geo hazard – Focus Mediterranean region.**
5. **Geosciences from Northern Africa to Central and Northern Europe.**

➤ **Planned Excursions**

- **Gravity site of BKG, Bad Homburg**
- **ESOC, Darmstadt**

- **EUREF contributions 2006**
 - „EPN on-line resources in support of geodynamical applications“ (C. Bruyninx, A. Kenyeres)
- **„EUREF TWG member-related“ contributions 2006**
 - A. Caporali (2x), G. Stangl (2x Co-author), Z. Altamimi, C. Boucher

- **Potential EUREF contributions 2008**
 - **J. Ihde „for EPN, ECGN and EUREF relation“ (in session 3)**
 - **European velocity field?**
 - **Intra-plate motion?**
 - **EUREF multi-year solution?**
 - **Time series analysis?**

- **Potential Joint EUREF/Wegener meeting**
 - **2008 too early**
 - **2010 (XV. Assembly of Wegener) possible**
 - **General decision about 2010 EUREF symposium as a joint symposium not at the 2009 symposium but at the 2008 symposium**
 - **Full week necessary?**
 - **Compatibility of programs?**
 - **...**
