The web-page

(We have got the web from Florence and used parts from that as a basis)

The first version is now available through the EUREF web:

<http://www.euref-iag.net/>

Or directly:

<http://www.lantmateriet.se/EUREF2010>

Some next steps in the planning

- Hotel is pre-booked (done)
- Conference venue is booked (done)
- The handling of abstracts: Submitted abstracts sent by e-mail to Helmut and to the session chair – sessions and session chairs will be decided at the spring meeting. Should announcements of sessions and abstracts open just after the spring meeting?
- How about EUREF 2010 BGG publication and possible “guest editor”?
- Economic support to participants from “poor” countries (handled by Helmut using support from EuroGeographics)
- Best student poster award?
- Planning for the social program is in progress
