

EUREF symposium Chisinau, 2011

Resolution no. 2

The IAG Reference Frame Sub-commission for Europe (EUREF)

considering the ongoing evolution of GNSS and the availability of new GNSS signals such as GPS L5 for example

encourages EPN station managers to configure their stations to, where possible, submit observations of all the new signals in addition to current submissions

Status of L5 tracking in Chisinau

Status of L5 tracking today
