Presentation to EUREF 2015, June 2015

NATIONAL REPORT OF GREAT BRITAIN

Ordnance Survey activity

- National GNSS network servers – problems with virtual environment. Revert to physical servers.
- Stations DARE and INVR now hourly submission
- Ordnance Survey no longer Government institution – now a “Publicly Limited Company” (PLC) owned 100% by Government.

Also in the report, activities of:

- NERC British Isles continuous GNSS Facility (BIGF)
Using archive to study long term land movements.
- Newcastle University
Geodetic measure of tectonic strain;
GNSS data to investigate seasonal changes in ice flow in Antarctica;
low-cost semi-autonomous GPS system suitable for rapid deployment in extreme environments
